

Dear Parent/Guardian,

DMUSD has purchased DreamBox Learning's Math Program, an online, Intelligent Adaptive Learning™ program that helps all students develop conceptual understanding, procedural skills, and learn how to apply mathematical concepts through problem solving. Because of the program's adaptive qualities, it is critical that parents do not help their children work on his/her DreamBox units. The system will adapt to the appropriate math level for each child and will provide lessons based on his/her needs. Students may only complete 5 - 8 lessons per week.

Your student can access DreamBox Learning from any computer, 24 hours a day, 7 days a week using this link:

DreamBox is an online program – there's no software to download! All you need is a high-speed Internet connection and Adobe Flash. Adobe Flash is free and is included with many Internet browsers.

To access DreamBox on iPad, go to <http://www.dreambox.com/ipad>, or search for "DreamBox Math" in the App Store. When prompted in the app, use this School Code:
