Report of Medical Examination for School Entry

Dear Parent or Guardian:

California State Law (AB2068) has established the Child Health and Disability Program (CHDP). The intent of this program is to prevent, diagnose, and correct many health problems found in children and young people.

The law requires that parents present their school district with a completed Report of Medical Examination for School Entry form before their child enters the first grade, however, Del Mar Union School District asks that the examination be completed before your child begins kindergarten. A copy of the examination form is attached for your use. All parents should note that if they do not wish to have their child examined, they may sign the Waiver of Medical Examination located on the bottom portion of the form. However, we recommend that all children be examined. The screening may be completed by your personal physician or at the Health Department for a nominal fee.

Parents who feel that they may be eligible for a CHDP reimbursed health check-up service are asked to call the nurse who serves their child’s school site.

Hearing and vision tests will be completed by the school nurse.

Please assist us in complying with CHDP requirements by completing the attached Report of Medical Examination for School Entry form and returning it to your child’s school as soon as possible.

Sincerely,

Cara Schukoske
Director of Pupil Services

School Entry Health Checkup Requirement

Early and regular health checkups can find, prevent, and treat many health problems before they become serious. That is why California has a law that says all children must have a health checkup within 18 months before first grade or up to 90 days after starting first grade. Your child must also have certain immunizations, or shots, for school. Your doctor will be able to check your child’s immunization record and see what shots are needed during the health checkup. Your doctor will complete this form and you need to return to your child’s school.

If you are not able to pay for this checkup, please call Maternal Child and Family Health services to find out if your child is eligible for a health checkup at no cost and for ongoing medical and dental insurance.

Requisitos para Exámenes de Salud para Ingresar a la Escuela

Al recibir exámenes de salud regularmente se pueden prevenir, detectar, y tartar muchos problemas de salud antes de que sean serios. Por esta razón California tiene una ley que requiere que todos los niños deben recibir un examen de salud 18 meses antes de ingresar al primer año o hasta 90 días después de haber iniciado el primer año. Su niño debe tener ciertas vacunas para ingresar a la escuela. Su medico podrá revisar la tarjeta amarilla de vacunación y ver que vacunas necesita durante el examen de salud. Su medico llenará esta forma y usted deberá entregarla a la escuela de su niño. Si su niño recibió el examen de salud al ingresar al jardín de niños (kindergarten) y la escuela todavía no tiene el reporte del examen, usted necesita pedírselo a su medico o clínica y llevarlo a la escuela.

Si a Ud. no le es posible pagar el examen, por favor llame a los Servicios de Salud Maternal, Niño, y Familia para saber si su niño califica para un examen fisico gratuito y también para un seguro de cuidado continuo medico y dental al: 1-800-675-2229
