3. PUBLIC INPUT  
Procedural: 3.1 CALL FOR PUBLIC REQUESTS TO ADDRESS THE BOARD REGARDING ITEMS ON THE AGENDA 
Governing Board President Gibson called for public requests to address the Governing Board regarding items on the agenda. 

4. MAINTENANCE, OPERATIONS AND FACILITIES 
Action, Information: 4.1 FACILITIES  
BOARD REPORT, REVIEW OF DISTRICT'S COMPREHENSIVE PROCESS TO: 1) ANALYZE AND EVALUATE ENROLLMENT/DEMOGRAPHIC FORECASTS, DISTRICT GEOGRAPHY AND STUDENT RESIDENCE, EDUCATIONAL PROGRAMMING, AND BUDGET; 2) SHARE INFORMATION WITH DISTRICT STAKEHOLDERS; 3) SEEK INPUT FROM DISTRICT STAKEHOLDERS 

Superintendent McClurg, Chris Delehanty, Executive Director of Capital Programs and Technology, and Jason Romero, Assistant Superintendent of Human Resources, presented a review of the District's comprehensive process: 

Staff thoroughly analyzes and plans annually for short and long-term district operations in order to protect the resources for the entire community. Analysis includes the following: enrollment and demographic forecasts, geography and student residency, educational programming, facilities needs, and budget. 

The analysis showed that district-wide enrollment is not projected to increase, yet dramatic shifts in where students reside required that the District study school locations and the number of schools needed across the district. As a result, various options have been explored: 
• Maintain the District's current eight schools 
• Reconfigure the District's current eight schools by combining the two schools west of I-5 and building a new school in East Pacific Highlands Ranch  
• Maintain the District's current eight schools and build a ninth school in East Pacific Highlands Ranch

What we learned: The District thought the community would embrace the idea of reconfiguration. Through significant outreach, the District heard from many in the community that they were not in support of closing a school. Although district-wide enrollment shows a need for eight schools, the District is proposing a nine school option.

BOARD APPROVAL, OPTION 3: BUILD A NEW SCHOOL IN EAST PACIFIC HIGHLANDS RANCH, MAINTAIN BOTH SCHOOLS IN THE WEST AS OPERATING TRADITIONAL SCHOOLS (DEL MAR HEIGHTS SCHOOL APPROXIMATELY 450-500 STUDENTS; DEL MAR HILLS ACADEMY APPROXIMATELY 300-350 STUDENTS), POTENTIALLY LOCATE DISTRICT DEPARTMENT(S)/EDUCATIONAL PROGRAM(S), SUCH AS ECDC AND/OR DISTRICT CAFETERIA, AT DEL MAR HILLS ACADEMY

Options for the Facilities Master Plan:
1. Close a school on the west and build a new school in East Pacific Highlands Ranch.
2. Keep the District's current eight schools. Do not build a new school in East Pacific Highlands Ranch; add portables/permanent construction to Sycamore Ridge School and/or Ashley Falls School.
3. Build a new school in East Pacific Highlands Ranch; maintain both schools in the west as operating traditional schools (Del Mar Heights School approximately 450-500 students; Del Mar Hills Academy approximately 300-350 students); potentially locate district department(s)/educational program(s), such as ECDC and/or District Cafeteria, at Del Mar Hills Academy.

Examination of the ninth school option:

District priorities
• Accommodate growth - schools located where students reside
• Improve all facilities to accommodate current and future educational programming
• Operational budget - alignment of finite financial resources with priorities

Financing
A ninth school comes at a cost and means aligning the budget with priorities. Estimated annual operating costs for a 450 student school are approximately $1,900,000. This includes administrative staff (principal, administrative assistant, office assistant), instructional staff (4 teachers, 2 STEAM+, 6 Special Education Staff, Substitutes), support staff (health, library, plant manager, custodian, noon duty, lunch servers), and operations (materials and supplies, utilities, security, copier, licenses, etc.).

Potential cost savings and funding sources:
• Certificated and Classified Staffing ($280,000)
• Shared program administrative staff at Del Mar Hills Academy ($60,000)
• Reduction of one assistant principal (approximately $140,000)
• Solar installed using potential bond fund (estimated 75% savings, which would have been approximately $637,500 for the 2017-2018 school year)

Note:
• Allocation of potential property tax revenue exceeding expectations (e.g., 1% increase = approximately $460,000)
• 4.2% increase is required annually to cover mandatory personnel increases (step and column, pensions, and maintaining reserve)

BOARD APPROVAL, DISTRICT STAFF AND obrARCHITECTURE REVISE FACILITIES MASTER PLAN TO KEEP BOTH FACILITIES WEST OF I-5 AS TRADITIONAL SCHOOLS, REBUILD DEL MAR HEIGHTS SCHOOL AND MODERNIZE DEL MAR HILLS ACADEMY

With approval of Option 3 above, District staff recommended that board approve District Staff and obrARCHITECTURE revise the Facilities Master Plan to reflect:
• Rebuild Del Mar Heights School with plans for approximately 450-500 students
• Modernize Del Mar Hills Academy with plans for approximately 300-350 students
• Remove potential Del Mar West School from the Facilities Master Plan
• Review needs for portable to permanent construction across the district
• Update cost estimates
