

Education Protection Account (EPA) Funding

Proposition 30, *The Schools and Local Public Safety Protection Act of 2012*, approved by the voters on November 6, 2012, temporarily increases the states sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers.

Pursuant to Article XIII, Section 36 of the California Constitution, school districts, county offices of education and community college districts are required to determine how the monies received from the EPA are spent in the school or schools within its jurisdiction. The District must annually post on its website an accounting of how much money was received and how the funds were spent.
