# J.R ORGANICS

## ABOUT THE FARM

### Location

J.R Organics is a 4th generation family farm located in Escondido, California.

### Farmer

Joe Rodriguez Sr. moved from Buena Park to Escondido in 1960. He built the farm from the ground up before electricity was in the area!

Grandpa Joe and his family transformed the land into an organic farm serving greater San Diego County. Although Grandpa Joe is now retired, J.R Organics continues to thrive under new leaders in the Rodriguez family.

### Fresh Produce

Currently, CNS utilizes the farm's fresh, leafy spinach in salads. In the future, we plan to feature other lettuces, salad mixes, and seasonal vegetables in our daily offerings."

CHILD NUTRITION SERVICES
