Oral Health Assessment

Dear Parent or Guardian:

To make sure your child is ready for school, California law, *Education Code* Section 49452.8, requires that your child have an oral health assessment (dental check-up) by May 31 in either kindergarten or first grade, whichever is his or her first year in public school. Assessments that have happened within the 12 months before your child enters school also meet this requirement. The law specifies that the assessment must be done by a licensed dentist or other licensed or registered dental health professional.

Take the attached Oral Health Assessment/Waiver Request form to the dental office, as it will be needed for your child's check-up. If you cannot take your child for this required assessment, please indicate the reason for this in Section 3 of the form. Additional copies of the necessary form are available at your child's school or online from the California Department of Education's website at https://www.cde.ca.gov/ls/he/hn/oralhealth.asp.

California law requires schools to maintain the privacy of students' health information. Your child's identity will not be associated with any report produced as a result of this requirement.

The following resources will help you find a dentist and complete this requirement for your child:

- 1. For help in enrolling in either Medi-Cal/Denti-Cal or Healthy Families you may call the San Diego Child Health and Disability Prevention (CHDP) program at 1-619-692-8808.
- 2. For additional resources to find a provider:
 - a. San Diego Kids Health Assurance Network (SD-KHAN) at 1-619-542-4039; <u>https://www.sandiegocounty.gov/content/sdc/hhsa/programs/phs/san_diego_kids_health_assuranc</u> <u>e_network.html</u>
 - b. 2-1-1 San Diego (If you are unable to reach 2-1-1 from your cell phone or you are calling from outside San Diego County, call (858) 300-1211)
 - c. San Diego Dental Society 619-275-0244
 - d. Contact your School Nurse
- 3. Medi-Cal/Denti-Cal's toll-free number or website can help you find a dentist who takes Denti-Cal: 1-800-322-6384; <u>www.denti-cal.ca.gov</u>.
- Healthy Families' toll free number or website can help you find a dentist who takes Healthy Families insurance or to find out if your child can enroll in the program: 1-800-880-5305; <u>https://www.benefits.gov/benefit/1596</u>.

Remember, your child is not healthy and ready for school if he or she has poor dental health! Here is important advice to help your child stay healthy:

- Take your child to the dentist twice a year.
- Choose healthy foods for the entire family. Fresh foods are usually the healthiest foods.
- Brush teeth at least twice a day with toothpaste that contains fluoride.
- Limit candy and sweet drinks, such as punch or soda. Sweet drinks and candy contain a lot of sugar, which causes cavities and replaces important nutrients in your child's diet. Sweet drinks and candy also contribute to weight problems, which may lead to other diseases, such as diabetes. The less candy and sweet drinks, the better!

Baby teeth are very important. They are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school. Tooth decay is an infection that does not heal and can be painful if left without treatment. If cavities are not treated, children can become sick enough to require emergency room treatment, and their adult teeth may be permanently damaged.

Many things influence a child's progress and success in school, including health. Children must be healthy to learn, and children with cavities are not healthy. Cavities are preventable, but they affect more children than any other chronic disease.

If you have questions about the new oral health assessment requirement, please contact your school nurse.

Sincerely,

mi that

Jennifer Huh Director of Student Services

Oral Health Assessment Form

California law (*Education Code* Section 49452.8) states your child must have a dental check-up by May 31 of his/her first year in public school. A California licensed dental professional operating within his scope of practice must perform the check-up and fill out Section 2 of this form. If your child had a dental check-up in the 12 months before he/she started school, ask your dentist to fill out Section 2. If you are unable to get a dental check-up for your child, fill out Section 3.

Section 1: Child's Information (Filled out by parent or guardian)
