The Del Mar Union School District “District” is required to annually notify pupils, parents, and guardians of their rights and responsibilities, pursuant to California Education Code (EC) 48980.

If you have any questions, or if you would like to review specific documents mentioned in this notice, please contact the principal at your child’s school. They will be able to give you more detailed information and assist you in obtaining copies of any materials you wish to review.

An acknowledgement of receipt of this notice must be signed by the parent or guardian and returned to the school as required by EC 48982.

Dear Students, Parents and Guardians,

State law requires the Del Mar Union School District (DMUSD) to provide annual notification to students, parents and guardians of their rights and responsibilities pertaining to their child's education. Please read this Annual Notification. The parent or guardian is required to acknowledge their receipt of this notice by signing and returning the signature page to their child's school or DMUSD program. The parent's or guardian's signature is an acknowledgment that they have been informed of their rights and does not indicate the parent's or guardian's consent for their child to participate or not participate in any particular program listed within the Annual Notification.

Some legislation requires additional notification to the parents or guardians during the school term prior to a specific activity. A separate letter will be sent to the parents or guardians prior to any of these specified activities or classes, and the student will be excused whenever the parents or guardians file with the principal of the school a statement in writing requesting that their child not participate. Other legislation grants certain rights that are to be spelled out in this Annual Notification.

DMUSD and its Board recognize that parent or guardian involvement in their child's education promotes student achievement and contributes greatly to the student's success. This Annual Notification contains information on the various ways parental involvement is both permitted and encouraged by federal and state laws, as well as DMUSD's policies. DMUSD commits to providing a quality education to all of its students in a safe and healthy environment. DMUSD looks forward to a successful and positive school year, made possible by the dedicated efforts of its administrators, teachers, paraeducators, support staff, students, and parents and guardians.

DMUSD will not tolerate sexual harassment by anyone participating in any DMUSD program or activity. This includes student-to-student or peer sexual harassment as well as harassment between a student and any DMUSD participant. DMUSD takes all complaints of sexual harassment seriously, investigates and addresses identified sexual harassment, and if the investigation results in the determination that sexual harassment has occurred, takes reasonable, immediate corrective action to stop the harassment, eliminate a hostile environment, and prevent future sexual harassment. Alleged pupil sexual harassment in violation of DMUSD policy or federal or state law will be handled pursuant to DMUSD policy and procedures which can be found online at <https://go.boarddocs.com/ca/dmusd/Board.nsf/Public> A pupil in grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined below.

Districts are also required to display the policy in a prominent location and include it in an orientation for employees and students. These policies shall include information as to where to obtain specific procedures for reporting charges of sexual harassment and available remedies. The poster must meet the following requirements:

- 1) The language in the poster shall be age appropriate and culturally relevant, and the school site may partner with local, state, or federal agencies, or nonprofit organizations

determines that the pupil has caused, attempted to cause, or threatened to cause, or participated in an act of, hate violence, as defined in EC 233(e).

F. Harassment, Intimidation or Threats-EC 48900.4

A pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.

G. Terroristic Threats Against School Officials, School Property or Both-EC 48900.7

A pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both. A “terroristic threat” includes any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family’s safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

H. Suspension/Expulsion: Alternative and Other Means of Correction-EC 48900, 48900.5, 48911

DMUSD may document other means of correction short of suspension and expulsion and place the documentation in the pupil’s record. Other means of correction may include: a conference between school personnel, the pupil’s parent or guardian and the pupil; referrals to the school counselor or psychologist; study teams, guidance teams or other intervention-related teams that assess behavior and develop and implement behavior plans; referral for psycho-educational assessment; after-school programs that address specific behavioral issues; and community service on school grounds during non-school hours. A pupil may be suspended, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil’s presence causes a danger to persons. A suspension shall be preceded by an informal conference between the principal, the principal’s designee or the district’s superintendent of schools and the pupil, and whenever practicable, the teacher, supervisor, or school employee who referred the

student to the principal. At this conference, the pupil shall be informed of the reason for the disciplinary action and other means of correction that were attempted before the suspension.

CALIFORNIA HEALTHY YOUTH ACT-EC 51934, 51938

Students enrolled in DMUSD programs or activities may receive instruction in personal health and public safety, which may include accident prevention, first aid, fire prevention, conservation of resources, and health education.

PUPIL SAFETY: HUMAN TRAFFICKING PREVENTION RESOURCES-EC 49381

The governing board of DMUSD will work with their schools that maintain any grades 6 to 12, inclusive, to identify the most appropriate methods of informing parents and guardians of pupils in those grades of human trafficking prevention resources and to implement the identified methods in those schools by January 1, 2020.

PUPIL NUTRITION-EC 49510-49520; 49564-49564.5, 49557.5

Free or reduced-priced meals are available for pupils in receipt of public assistance. The federal National School Lunch Program and the federal School Breakfast Program ensure that pupils whose parents or guardians have unpaid school meal fees are not shamed, treated differently, or served a meal different from the pupil's choice because of the fact that the pupil's parent or guardian has unpaid meal fees. Meal program details are provided at the pupil's school site. All parents and guardians receive a letter with the application form upon enrollment. Charter schools must also comply with these rules pursuant to EC 47613.5, and their respective chartering authorities must also provide technical assistance in implementing this law.

To apply for free or reduced-price meals, households must fill out the application and return it to the school or district office.

RIGHT TO REFRAIN FROM HARMFUL USE OF ANIMALS-EC 32255-32255.6

Pupils may choose to refrain from participating in educational projects involving the harmful or destructive use of animals based on moral objections and may complete an alternative educational project acceptable to the teacher. In order to refrain from participation, a parent or guardian must submit a written note of the objections to participating in an educational project involving the harmful or destructive use of animals. An opt-out form is provided within this notice.

IMMUNIZATION AND COMMUNICABLE DISEASES-EC 48216, 49403

DMUSD shall follow all laws, rules, and regulations regarding immunizations required for students to enroll. DMUSD shall not admit any student until the student is properly immunized as required by law. If there is good cause to believe a student has been exposed to a disease and his or her proof of immunization does not show proof of immunization against that disease, DMUSD may temporarily exclude the child from school until the local health officer is satisfied that the child is no longer at risk of developing or transmitting the disease.

Students in a home-based private school and students enrolled in an independent study program who do not receive classroom-based instruction may still attend school without specified immunizations.

If the parent or guardian files with the governing authority a written statement by a licensed physician to the effect that the physical condition of the child is such, or medical circumstances relating to the child are such, that immunization is not considered safe, indicating the specific nature and probable duration of the medical condition or circumstances, including, but not limited to, family medical history, for which the physician does not recommend immunization, that child shall be exempt from the immunization requirements.

A pupil who, prior to January 1, 2016, submitted a letter or affidavit on file at a private or public elementary or secondary school, child day care center, day nursery, nursery school, family day care home, or development center stating beliefs opposed to immunization shall be allowed enrollment to any private or public elementary or secondary school, child day care center, day nursery, nursery school, family day care home, or development center within the state until the pupil enrolls in the next grade span. Grade span means (1) from birth to preschool; (2) Kindergarten and grades 1 to 6, inclusive, including transitional kindergarten; and (3) grades 7 to 12 inclusive.

Use of Standardized Medical Exemption Form

The California Department of Public Health is required to develop and make available for use by licensed physicians and surgeons and electronic, standardized, statewide medical exemption request form that would be transmitted using the California Immunization Registry and would be the only documentation of a medical exemption that a school may accept. At minimum, the medical exemption form must require all of the following:

1. The name, California medical license number, business address, and telephone number of the physician and surgeon who issue the medical exemption, and of the primary care physician of the child, if different from the physician who issued the medical exemption;
2. The name of the child for whom the exemption is sought, the name and address of child's parent or guardian, and the name and address of the child's school or other institution;
3. A statement certifying that the physician has conducted a physical examination and evaluation of the child consistent with the relevant standard of care and complied with all applicable requirements of this law;
4. Whether the physician who issued the medical exemption is the child's primary care physician. If the issuing physician is not the child's primary care physician, the issuing physician shall also provide an explanation as to why the issuing physician and not the primary care physician is filling out the medical exemption form;
5. How long the physician has been treating the child;
6. A description of the medical basis for which the exemption for each individual immunization is sought. Each specific immunization shall be listed separately and space on the form shall be provided to allow for the inclusion of descriptive information for each immunization for which the exemption is sought;

7. Whether the medical exemption is permanent or temporary, including the date upon which a temporary medical exemption will expire. A temporary exemption shall not exceed one year. All medical exemptions shall not extend beyond the grade span, as defined by H&SC 120370;
8. An authorization for the department to contact the issuing physician for purposes of this law and for the release of records related to the medical exemption to the department, the Medical Board of California, and the Osteopathic Medical Board of California; and
9. A certification by the issuing physician that the statements and information contained in the form are true, accurate, and complete.

Requirement of Physicians and Surgeons to Provide Notice to Parents

If a parent or guardian requests a licensed physician and surgeon to submit a medical exemption for the parent's or guardian's child, the physician and surgeon shall inform the parent or guardian of the requirements set forth above. If the parent or guardian consents, the physician and surgeon shall examine the child and submit a completed medical exemption certification from to the State Department of Public Health.

Requirement by Schools to Submit Annual Reports on Immunization Status to the State

The governing board of a school district must file a written report on the immunization status of new students to the school with the State Department of Public Health and the local health department at times and on forms prescribed by the State Department of Public Health. These reports are required to be filed on at least an annual basis.

State's Review of Medical Exemptions

Requires the State Department of Public Health to annually review immunization reports from schools to identify schools with an overall immunization rate of less than 95%, physicians and surgeons who submitted 5 or more medical exemption forms in one calendar year, and schools and institutions that do not report immunization rates to the department. A clinically trained department staff member who is a physician and surgeon or registered nurse is required to review all medical exemption forms submitted meeting those conditions. Medical exemptions issued prior to January 1, 2020, will not be revoked unless the exemption was issued by a physician or surgeon that has been subject to disciplinary action by the Medical Board of California or the Osteopathic Medical Board of California.

Appeal Rights

A parent or guardian may appeal a medical exemption denial or revocation to the Secretary of California Health and Human Services. The appeal is to be conducted by an independent expert review panel of licensed physicians and surgeons, who are required to evaluate appeals consistent with specified guidelines and to submit its decision to the Secretary. The Secretary is required to adopt the determination of the independent expert review panel and promptly issue a written decision to the child's parent or guardian. This final decision is not subject to further administrative review. The student who is appealing a medical exemption revocation may

continue school attendance without being required to commence the immunization schedule required for conditional admittance, so long as the appeal is filed within 30 calendar days of the revocation.

MEDICATION AND SELF-ADMINISTRATION OF ASTHMA MEDICATION-EC 49423, 49423.1

Any student who must take prescribed medication at school and who desires assistance of school personnel must submit a written statement of instructions from the physician or physician assistant and a parental request for assistance in administering the medications. Any student may carry and self-administer prescription auto-injectable epinephrine only if the student submits a written statement of instructions from the physician or physician assistant and written parental consent authorizing the self-administration of medication, providing a release for the school nurse or other personnel to consult with the child's health care provider as questions arise, and releasing the district and personnel from civil liability if the child suffers any adverse reaction as a result of the self-administration of medication.

School districts must accept a written statement provided by a physician or surgeon permitting a student to self-administer asthma medication. The written statement shall detail the following:

1. The name, method, amount, and time schedules by which the medication is to be taken
2. A confirmation that the student can self-administer inhaled asthma medication
3. A written statement from the parent, foster parent, or guardian consenting to the self-administration
4. A release for the school nurse or other designated school personnel to consult with the healthcare provider of the student regarding any questions that may arise about the medication
5. A release from civil liability for the school district and school personnel if the student suffers an adverse reaction by taking the medication

The statement from the student's physician or surgeon may be one who is contracted with a prepaid health plan operating in Mexico, provided the statement is in both English and Spanish. A school nurse or other designated school personnel will not be subject to professional review, liable in a civil action or subject to criminal prosecution for acts or omissions relating to the student self-administering the medication in accordance with physician's written statement. Furthermore, a school district will not be subject to civil liabilities if the student suffers an adverse reaction self-administering the asthma medication in accordance with the written statement from the physician.

INFORMATION REGARDING TYPE 1 DIABETES-EC 49452.6

On and after January 1, 2023, the governing board of a school district shall make the type 1 diabetes informational materials accessible to the parent or guardian of a pupil when the pupil is first enrolled in elementary school, or with the annual notifications provided pursuant to Section 48980. Information provided to parents and guardians pursuant to this section may include, but shall not be limited to, all of the following:

- (1) A description of type 1 diabetes.
- (2) A description of the risk factors and warning signs associated with type 1 diabetes.
- (3) A recommendation regarding those pupils displaying warning signs associated with type 1 diabetes that the parents or guardians of those pupils should immediately consult with the pupil's primary care provider to determine if immediate screening for type 1 diabetes is appropriate.
- (4) A description of the screening process for type 1 diabetes and the implications of test results.
- (5) A recommendation that, following a type 1 diagnosis, parents or guardians should consult with the pupil's primary care provider to develop an appropriate treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

CONTINUING MEDICATION REGIMEN-EC 49480

The parent or legal guardian of any pupil on a continuing medication regimen for a non-episodic condition shall inform the school nurse or other contact person of the medication being taken, the current dosage, and the name of the supervising physician. With the consent of the parent or legal guardian of the pupil, the school nurse may communicate with the physician and may counsel with the school personnel regarding the possible effects of the drug on the child's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose.

MEDICAL AND HOSPITAL SERVICES FOR PUPILS-EC 49471, 49472

DMUSD does not provide medical or hospital services through non-profit membership corporations or insurance policies for pupil injuries arising out of school-related activities. DMUSD will notify each parent or guardian of each pupil participating in athletic activities that such medical or hospital services are not provided.

PUPILS WITH TEMPORARY DISABILITIES; INDIVIDUAL INSTRUCTION-EC 48206.3, 48207, 48207.3, 48207.5, 48208

Special individual instruction (as distinct from independent study) is available for students with temporary disabilities that make attendance at school impossible or inadvisable. Parents or guardians should first contact the principal to determine services. This individual instruction shall be received at home or in a hospital or other residential health facility, except a state hospital.

- Name and contact information of DMUSD's designated individual for implementing Section 504: School Counselors
- Screening and evaluation procedures used by DMUSD when there is a reason to believe a student has a disability under Section 504: Procedures vary depending on student, but referrals under Section 504 begin with the school counselor.
- A student has the right to a written accommodation plan if the student qualifies for services under Section 504.
- A student has the right to be educated with non-disabled students to the maximum extent appropriate based on the student's needs.
- A copy of the parents or guardians legal procedural safeguards can be obtained at <https://www.dmusd.org/documents/Departments/Student-Services/504-Procedural-Safeguards.pdf>.

SPECIAL EDUCATION: CHILD FIND SYSTEM-IDEA; EC 56301

Federal and state law require that a free and appropriate public education (FAPE) in the least restrictive environment be offered to qualified pupils with disabilities ages 3 through 21 years, including pupils that are migrant or homeless or wards of the state and children with disabilities attending private schools. Any parent suspecting a child has exceptional needs due to a disability may request an assessment for eligibility for special education services. DMUSD's child find policy and procedures are available at <https://www.dmusd.org/Departments/Student-Services/Special-Education/index.html>

Parents or guardians have a right to file a written complaint with the school if they believe the school is in violation of federal or state law governing the identification or placement of special education students, or similar issues. State regulations require the party filing the complaint to forward a copy of the complaint to DMUSD at the same time the party files the complaint with the California Department of Education. Procedures are available from your student's school principal.

SPECIAL EDUCATION: DUE PROCESS HEARINGS-EC 56502

The State Superintendent is required to develop a model form to assist parents and guardians in filing requests for due process. Please visit www.dgs.ca.gov/oah/SpecialEducation.aspx for the model form for parents that wish to initiate due process hearings relating to special education rights.

SPECIAL EDUCATION: INSPECTION OF RECORDS-EC 56043(n)

Upon request, parents or guardians of children with exceptional needs may examine and receive copies of the student's records within five business days after a request is made and prior to any Individualized Education Program meeting, hearing or resolutions session regarding their child.

SPECIAL EDUCATION: NONPUBLIC, NONSECTARIAN SCHOOLS OR AGENCIES-EC 51225.2; 56365; 56366.1; 56366.4; 56366.10

The training must be provided within 30 days of enrollment for new staff, and annually to all staff who have contact with students during the school day. 1. Be conducted by persons licensed or certified in fields related to the evidence-based practices and interventions being taught
2. Be taught in a manner consistent with the development and implementation of individualized education programs; and
3. Be consistent with the requirements of Education Code relating to pupil restraint and seclusion

3. Evidence-based interventions for reducing and replacing the challenging behaviors, including de-escalation techniques.

The LEA contracting with the NPS/NPA shall annually verify compliance with these training requirements and the NPS/NPA shall annually report to the California Department of Education ("CDE") this verification. Written records of the annual training shall be maintained and provided upon request.

NPS/NPA Administrator Credential/License: The NPS/NPA is required to document (in the application for certification with CDE) that the administrator of the NPS/NPA holds or is in the process of obtaining one of the following:

Requirements for School Districts: For an NPS/NPA seeking initial certification, the school district is required to verify that the plan and timeline for the new training requirements are included in the master contract. For NPSs/NPAs not in existence as of January 1 immediately preceding a school year, the contracting school district must verify that the new training requirements are complied with 30 days following the commencement of the school year. The school district is required to submit verification to the Superintendent at that time.

A school district that enters into a master contract with an NPS/NPA school shall conduct, at minimum, the following:

PHYSICAL EXAMINATION; PARENT REFUSAL TO CONSENT-EC 49451, 49455; 20 U.S.C. § 1232h

A parent or guardian may, by written statement filed annually, refuse to consent to the physical examination, including the vision, hearing and scoliosis screening, of his/her child; however, a child may be sent home if, for good reasons, the child is believed to be suffering from a recognized contagious or infectious disease. Schoolchildren are examined for vision, hearing, and curvature of the spine at selected grade levels. An opt-out form is included within this notification.

Include approximate dates during the school year when any non-emergency, physical examination or screening is scheduled that is 1) required as a condition of attendance; 2) administered by the school; and 3) is not necessary to protect the immediate health and safety of the pupil or other pupils.

Whenever there is good reason to believe the child is suffering from a recognized contagious or infectious disease, the child will be excluded from school attendance and is not be permitted to return until the school authorities are satisfied that any contagious or infectious disease does not exist. The notifications should include approximate dates during the school year when any non-emergency, physical examination or screening is scheduled, or expected to be scheduled, that is 1) required as a condition of attendance; 2) administered by the school; and 3) is not necessary to protect the immediate health and safety of the pupil or other pupils.

Education Code section 49455 requires a pupil's vision to be appraised by the school nurse or other authorized person during kindergarten or upon first enrollment or entry in a California school district of a pupil at an elementary school, and in grades 2, 5, and 8, unless a pupil's first entry or enrollment occurs in grade 4 or 7.

CHILD HEALTH AND DISABILITIES PREVENTION PROGRAM-HSC 124085, 124105

Before a child enters first grade, his or her parents must obtain a waiver or health screening for the child and complete the provided certificate or sign a waiver. The screening should take place before (within the prior 6 months) or during the kindergarten year. Parents are encouraged to obtain health screening simultaneously with required immunizations. Parents may inquire in the school office about free health screenings for low-income children provided under the Child Health and Disabilities Prevention Program.

A first-grade pupil who has not provided either a certificate or a waiver on or before the 90th day after the pupil's entrance into the first grade must be excluded from school for up to five days based on the failure to comply or sign a waiver. School districts may exempt any pupil from the exclusion if, at least twice between the first day and the 90th day after the pupil's entrance into the first grade, DMUSD has contacted the pupil's parent or guardian and the parent or guardian refuses to provide either a certificate or a waiver as specified in Section 124085. Parents or guardians are entitled to notification of the availability of free health screenings through the local health department.

**FOSTER YOUTH BILL OF RIGHTS-48645.7, 48850–48853.5, 49069.5, 51225.1, 51225.2;
Welfare and Institutions Code (WIC) 16001.9**

“Pupil in foster care” means a child who has been removed from their home pursuant to Section 309 of the Welfare and Institutions Code (“WIC”), is the subject of a petition filed under Section 300 or 602 of the WIC or has been removed from their home and is the subject of a petition filed under WIC section 300 or 602.

When a juvenile court school pupil becomes entitled to a diploma pursuant to subdivision (d) of EC 48645.5, the county office of education shall notify the pupil, the person holding the right to make educational decisions for the pupil, and the pupil’s social worker or probation officer of all of the following:

- (A) The pupil’s right to a diploma pursuant to subdivision (d) of Section 48645.5.
- (B) How taking coursework and other requirements adopted by the governing board of the county office of education or continuing education upon release from the juvenile detention facility will affect the pupil’s ability to gain admission to a postsecondary educational institution.
- (C) Information about transfer opportunities available through the California Community Colleges.
- (D) The pupil’s or the education rights holder’s, as applicable, option to allow the pupil to defer or decline the diploma and take additional coursework pursuant to paragraph (2) of subdivision (b) or subdivision (c) of EC 48645.7.

A pupil in foster care who is placed in a licensed children's institution or foster family home shall attend programs operated by the local educational agency in which that licensed children’s institution or foster family home is located, unless one of the following applies:

1. The pupil is entitled to remain in their school of origin;
2. The pupil has an individualized education program requiring placement in a nonpublic, nonsectarian school, or in another local educational agency.
3. The parent or guardian, or other person holding the right to make educational decisions for the pupil pursuant to Section 361 or 726 of the WIC or Section 56055 (“educational rights holder”), determines that it is in the best interests of the pupil to be placed in another educational program and has submitted a written statement to the local educational agency that they have made that determination. This statement shall include a declaration that the parent, guardian, or educational rights holder is aware of all of the following:

- a. The pupil has a right to attend a regular public school in the least restrictive environment.
- b. The alternate education program is a special education program, if applicable.
- c. The decision to unilaterally remove the pupil from the regular public school and to place the pupil in an alternate education program may not be financed by the local educational agency.
- d. Any attempt to seek reimbursement for the alternate education program may be at the expense of the parent, guardian, or educational rights holder.

The parent or guardian, or educational rights holder shall first consider placement in the regular public school before deciding to place the pupil in foster care in a juvenile court school, a community school, or another alternative educational setting.

A pupil in foster care may still be subject to expulsion under applicable law and board policy.

Pupils in foster care are subject to other laws governing the educational placement in a juvenile court school, of a pupil detained in a county juvenile hall, or committed to a county juvenile ranch, camp, forestry camp, or regional facility, notwithstanding the rights contained in this notice.

Children in foster care living in emergency shelters (as referenced in the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11301, et seq.)), may receive educational services at the emergency shelter as necessary for short periods of time for either of the following reasons:

1. For health and safety emergencies.
2. To provide temporary, special, and supplementary services to meet the child's unique needs if a decision regarding whether it is in the child's best interests to attend the school of origin cannot be made promptly, it is not practical to transport the child to the school of origin, and the child would otherwise not receive educational services.

The educational services may be provided at the shelter pending a determination by the educational rights holder regarding the educational placement of the child.

All educational and school placement decisions shall be made to ensure that the child is placed in the least restrictive educational programs and has access to academic resources, services, and extracurricular and enrichment activities that are available to all pupils. In all instances, educational and school placement decisions shall be based on the best interests of the child.

DMUSD has designated Jenni Huh, Executive Director of Student Services, as the educational liaison for pupils in foster care. The role of educational liaison is advisory with respect to placement decisions and determination of school of origin and does not supersede the role of the parent or guardian retaining educational rights, a responsible adult appointed by the court, a

surrogate parent or a foster parent exercising their legal rights with respect to the education of the child in foster care. The educational liaison serves the following roles:

1. Ensures and facilitates proper educational placement, enrollment in school, and checkout from school for children in foster care;
2. Assists children in foster care when transferring from one school to another school or from one school district to another school district in ensuring proper transfer of credits, records, and grades.
3. When designated by the Superintendent, notifies a child in foster care's attorney and child welfare agency representative(s) of pending disciplinary proceedings and pending manifestation determination proceedings if they are also eligible to receive special education and related services under the IDEA.

At the initial detention or placement by the Juvenile Court, or any subsequent change in placement of a child in foster care by the Court, the local educational agency serving the child shall allow them to continue their education in the school of origin for the duration of the jurisdiction of the court. If the jurisdiction of the court is terminated prior to the end of the academic year:

1. Former children in foster care in grades kindergarten, or 1 to 8, inclusive, shall be allowed to continue their education in the school of origin through the duration of the academic year;
2. Former children in foster care in high school shall be allowed to continue their education in the school of origin through graduation;
3. Transportation is not required unless the former child in foster care has an IEP and the IEP team determines transportation is a necessary related service, required by the unique educational needs of the pupil in order to benefit from their special education program. Transportation may be provided at the local educational agency's discretion. The rights of these youth do not supersede any other law governing special education for eligible children in foster care.
4. To ensure that children in foster care have the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts, if a child in foster care is transitioning between school grade levels, they shall be allowed to continue in the school district of origin in the same attendance area, or, if they are transitioning to a middle school or high school, and the school designated for matriculation is in another school district, to the school designated for matriculation in that school district

Juvenile court school students continue to have the right to a diploma upon completion of state graduation requirements. Students have the additional right to defer the granting of that diploma until release, at which time they can also decline the issuance of a diploma for the purpose of re-enrolling in their home school for further study. When a juvenile court school student becomes entitled to a diploma for meeting state graduation requirements, the County Office of Education

must provide the student (or the educational rights holder if the student is not yet 18) and the student's social worker or probation officer information regarding of the following:

The student's right to a diploma;

How taking coursework and other requirements adopted by the COE or continuing education upon release will affect the student's ability to gain college admission;

Transfer opportunities available through California community colleges; and

The student's or the education rights holder's option to allow the student to defer or decline the diploma and take additional coursework.

In consultation with the child in foster care and educational rights holder, the educational liaison may recommend that they waive their right to attend the school of origin and enroll in a public school within their attendance area. The educational liaison's recommendation must be accompanied by a written explanation for the basis of the recommendation and how it serves the child in foster care's best interests.

1. If the educational liaison, child in foster care, and educational rights holder agree it is in the best interest of the child to waive their right to attend the school of origin and attend the recommended school, the child in foster care shall immediately be enrolled within the recommended school.
2. The recommended school shall immediately enroll the child in foster care regardless of any outstanding fees, fines, textbooks, or moneys due to any previous schools of attendance or if the child in foster care is unable to produce clothing or records normally required for enrollment, such as previous academic records, medical records, including proof of immunization, proof of residency or other documentation.
3. Within two business days of the request for enrollment, the educational liaison for the new school shall contact the school last attended by the child in foster care to obtain all academic and other records. The last school attended by the child in foster care shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. The educational liaison for the school last attended shall provide a complete copy of their education record to the new school within two business days of receiving the request.

If any dispute arises as to the school placement of a pupil under this section, the pupil has the right to remain in their school of origin, pending resolution of the dispute.

"School of origin" means the school that the child in foster care attended when permanently housed or the school in which the child in foster care was last enrolled. If the school the child in foster care attended when permanently housed is different from the school in which they were last enrolled, or if there is some other school that they attended with which they are connected and that they attended within the immediately preceding 15 months, the educational liaison,

in consultation with, and with the agreement of, the child and the educational rights holder, shall determine, in the best interests of the child, the school that shall be deemed the school of origin.

If the child in foster care is absent from school due to a decision by a court or placing agency to change their placement, the grades and credits of the child in foster care will be calculated as of the date they left school and no lowering of grades will occur as a result of the absence of the child under these circumstances. If the child in foster care is absent from school due to a verified court appearance or related court ordered activity, no lowering of their grades will occur as a result of the absence of the pupil under these circumstances.

A child in foster care or a pupil who is a homeless youth who transfers between schools any time after the completion of the pupil's second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide coursework requirements, unless the local educational agency makes a finding that they are reasonably able to complete the local educational agency's graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

Within 30 days of the child's transfer into a school, the local educational agency should determine whether a child in foster care or a pupil who is a homeless youth is reasonably able to complete the local educational agency's graduation requirements within the pupil's fifth year of high school. If the pupil is reasonably able to complete the local educational agency's graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

1. Inform the pupil of their option to remain in school for a fifth year to complete the local educational agency's graduation requirements.
2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency's graduation requirements will affect the pupil's ability to gain admission to a postsecondary educational institution.
3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.
4. Permit the pupil to stay in school for a fifth year to complete the local educational agency's graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

If the local educational agency fails to provide timely notice of the exemption, the pupil shall be eligible for the exemption, once notified, even if that notification occurs after the termination of the court's jurisdiction of the pupil or after the pupil is no longer considered homeless.

If a child in foster care or a pupil who is a homeless youth is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of their fourth year of high school and that pupil would otherwise be entitled to

remain in attendance at the school, a school or local educational agency shall not require or request that the pupil graduate before the end of their fourth year of high school, nor shall they be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child in foster care or a pupil who is a homeless youth is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after termination of the court's jurisdiction or after the pupil is no longer considered homeless.

A transfer shall not be requested solely to qualify for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a child in foster care or a pupil who is a homeless youth while attending another public school, a juvenile court school, or a nonpublic, nonsectarian school even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The local educational agency may not require a child in foster care or pupil who is a homeless youth to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child in foster care or pupil who is a homeless youth shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

CHILDREN OF MILITARY FAMILIES AND OTHER PROTECTED PUPILS-EC 49700–49703, 51225.1, 51225.2

A pupil who is a “child of a military family” is defined as school-aged child or children, enrolled in kindergarten through twelfth grade, in the household of an active-duty member. “Active duty” means full-time status in the active uniformed service of the United States, including member of

the National Guard and Reserve on active-duty orders pursuant to 10 U.S.C. sections 1209 and 1211.

Children of military families who transfer between schools any time after the completion of the pupil's second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide coursework requirements, unless the local educational agency makes a finding that the child of a military family is reasonably able to complete the local educational agency's graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

Within 30 days of the child of a military family's transfer into a school, the local educational agency should determine whether the child of a military family is reasonably able to complete the local educational agency's graduation requirements within the pupil's fifth year of high school. If the pupil is reasonably able to complete the local educational agency's graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

1. Inform the pupil of his or her option to remain in school for a fifth year to complete the local educational agency's graduation requirements.
2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency's graduation requirements will affect the pupil's ability to gain admission to a postsecondary educational institution.
3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.
4. Permit the pupil to stay in school for a fifth year to complete the local educational agency's graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

Within 30 calendar days of the date that a pupil who is a child of a military family who may qualify for the exemption from local graduation requirements transfers into a school, the school district shall notify the pupil and the pupil's parent or guardian of the availability of the exemption and whether the pupil qualifies for an exemption.

If the District fails to provide timely notice, the pupil shall be eligible for the exemption from local graduation requirements, even if that notification occurs after the pupil no longer meets the definition of "a child of a military family."

If a child of a military family is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of his or her fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency shall not require or request that the pupil graduate before the end of his or her fourth year of high school, nor shall the child of a military family be

required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child of a military family is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after the pupil no longer meets the definition of “a child of a military family” while the pupil is enrolled in school or if the pupil transfers to another school or school district.

A school district shall not require, and a parent or guardian shall not request a child of a military family to transfer schools solely to qualify the pupil for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a pupil who is a child of a military family while attending another public school (including schools operated by the United States Department of Defense), a juvenile court school, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The local educational agency may not require a child of a military family to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child of a military family shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

The above protections shall also apply to pupils in foster care, pupils who are homeless, former juvenile court school pupils, migratory children, and pupils participating in a newcomer program, as defined in Education Code section 51225.2(a).

NOTICE OF ALTERNATIVE SCHOOLS-EC 58501

“California State law authorizes all school districts to provide for alternative schools. The Education Code defines alternative school as a school or separate class group within a school, which is operated in a manner designed to:

- Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- Recognize that the best learning takes place when the student learns because of his desire to learn.
- Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may result in whole or in part from a presentation by his teachers of choices of learning projects.
- Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the *County Superintendent of Schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information.* This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.”

A copy of the notice shall also be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

STATEMENT OF NON-DISCRIMINATION

Discrimination in education programs is prohibited by state and federal law. Education Code section 200, et seq. requires school district to afford all pupils regardless of gender, gender identity, gender expression, sex, race, color, religion, natural origin, immigration status, ethnic group identification/ethnicity, mental or physical disability, sexual orientation, or the perception of one or more of such characteristics, equal rights, and opportunities in accessing educational programs, activities, and facilities.

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, and national origin. Title IX prohibits discrimination on the basis of sex. The Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 prohibit discrimination on the basis of disability. Also, pursuant to EC 212.1, “race” is inclusive of traits historically associated with race, including, but not limited to, protective hairstyles and textures. “Protective hairstyles” is defined to include (but not limited to) styles such as braids, locks, and twists.

This policy requires notification in the native language of persons with limited English language skills if service area contains a community of minority persons with limited English language skills. DMUSD will take the required steps to assure that the lack of English will not be a barrier to admission and participation in district programs. This policy applies to all students insofar as participation in programs and activities is concerned, with few exceptions such as contact sports. In accordance with federal law, complaints alleging non-compliance with this policy are investigated through the Uniform Complaint Process.

ATTENDANCE-EC 48980(h)

family during that school year, for the duration of the pupil's status as a child of a military family;

10. A school district shall allow a pupil who is a migratory child to continue attending their school of origin, or a school within the school district of origin regardless of any change of residence of the pupil; and

Migratory students have the right to attend their school of origin in a similar manner to the rights provided to foster students and homeless students. Migratory students must be allowed to continue to attend their school of origin regardless of any subsequent change of residency so long as the student continues to be a student "who is a migratory child." A student who is transitioning between grade levels must be allowed to continue to attend the school district of origin in the same attendance area. A student who is transitioning to middle or high school must be allowed to attend the school district or origin's designated middle or high school even if the school is located within another school district. If the receiving school has a uniform policy the student must immediately be enrolled even if the student does not have the appropriate school uniform clothes. If a migratory student loses their status during the school year, the student will be allowed to attend the school of origin of the remainder of the years for students in kindergarten through 8th grade. High school students must be allowed to continue at the school of origin through graduation. The school of origin is required to inform the student and their parents of the student's eligibility to receive migrant education services.

- The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the school to amend a record that they believe is inaccurate or misleading. They should write the school principal; clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. Should any request be made for information or access to a school-site by an officer or employee of a law enforcement agency for the purpose of enforcing immigration laws, DMUSD's Superintendent shall report to the governing board any such requests in a timely manner that ensures the confidentiality and privacy of any potentially identifying information.

If DMUSD becomes aware that a pupil's parent or guardian is not available to care for the pupil, DMUSD staff shall first exhaust any parental instruction relating to the pupil's care in the emergency contact information it has for the pupil to arrange for the pupil's care. DMUSD will not contact Child Protective Services to arrange for the pupil's care unless it is unable to arrange care through the use of emergency contact information provided by the parents or other information provided by the parent or guardian.

All children have a right to a free public appropriate education, regardless of immigration status or religious beliefs. However, directory information related to homeless and unaccompanied youth will not be released without the express written consent for its release by the eligible pupil, his/her parent, or guardian.

DMUSD may disclose appropriately designated "directory information" as specified herein without written consent unless advised to the contrary in accordance with procedures.

Parents/guardians must notify DMUSD in writing every year if they do not want DMUSD to disclose directory information from their child's education records without prior written consent.

Also, in accordance with Section 49073.2, the LEA shall not include the directory information or the personal information of a pupil or of a parent or guardian of a pupil in the minutes of a meeting of its governing body, except as required by judicial order or federal law, if a pupil who is 18 years of age or older or a parent or guardian of a pupil has provided a written request to the secretary or clerk of the governing body to exclude his or her personal information or the name of his or her minor child from the minutes of a meeting of the governing body.
