The district shall not solicit or collect information or documents regarding the citizenship or immigration status of students or their family members for the purpose of determining residency within the district.

**Pending Residency Considerations**

When school offices open prior to the start of the new school year, registration forms may be accepted for students whose families have pending residency, based on the following specifications:

1. Parents who submit signed escrow documents indicating that they will occupy a residence in the district by October 15th of the current school year, will be allowed to register their children at the school of residence in which the home is located.

Parents who submit signed escrow documents **after the start of the school year** indicating that they will occupy a residence in the district within 6 weeks will be allowed to register their children at the school of residence in which the house is located.

If any district employee reasonably believes the parent/guardian of a student has provided false or unreliable evidence of residency, the District employee shall report this information to the Director of Pupil Services or designee. Upon receiving this information, the Director of Pupil Services or designee shall make reasonable efforts to determine if the student meets residency requirements. Reasonable efforts include, but are not limited to, home visits and investigation by a private detective.

**Safe at Home Program**

When a student or parent/guardian participating in the Safe at Home program requests that the district use the substitute address designated by the Secretary of State, the Superintendent or designee may request the actual residence address for the purpose of establishing residency within district boundaries but shall use the substitute address for all future communications and correspondence and shall not include the actual address in the student's file or any other public record.
Residency Investigations

When the Superintendent or designee reasonably believes that the parent or legal guardian of a student has provided false or unreliable evidence of residency, the District may make reasonable efforts to determine that the student meets the residency requirements.

In the event the Superintendent/Designee reasonably believes false or unreliable evidence of residency has been provided by a parent/legal guardian, the following procedures apply:

1. The Superintendent/Designee shall identify the circumstances upon which the District may initiate an investigation, which shall, at a minimum, require the District employee to be able to identify specific, articulable facts supporting the belief that the parent/legal guardian of the student has provided false or unreliable evidence of residency. Examples of such situations include, but are not limited to: altered documents; credible information from the property owner or neighbor that the student does not reside at the address provided; credible information from the student stating s/he does not reside at the address provided; and/or mail sent by the school returned from the address provided.

2. The Superintendent/Designee may use reasonable investigatory methods, as appropriate, to determine residency. He/she may assign a trained district employee to conduct the investigation. The methods may include, but are not limited to:
   a. Examination of records, including public records;
   b. Home visit by District personnel;
   c. Interview with persons who may have knowledge of the student's residency, including student and parent/legal guardian;
   d. Contacting the landlord or neighbors regarding whether or not the student resides at the address provided;

3. If necessary, the Superintendent/Designee may hire a private to conduct the investigation. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the district.

4. For any investigation conducted pursuant to this policy, the District shall
   a. Prohibit the surreptitious photographing or video-recording of students who are being investigated. For purposes of this policy, "surreptitious photographing or video-recording" means the covert collection of photographic or videographic images of persons or places subject to an investigation. For purposes of this policy, the collection of images is not covert if the technology is used in open and public view.
   b. Require that the employees and contractors of the District engaged in the investigation must identify themselves truthfully as such to individuals contacted or interviewed during the course of the investigation.

Appeal of Enrollment Denial

If the Superintendent or designee, upon investigation, determines that a student does not meet district residency requirements and denies the student's enrollment in the district, he/she shall provide the student's parent/guardian an opportunity to appeal that determination. (Education Code 48204.2)

The Superintendent or designee shall send the student's parent/guardian written notice specifying the basis for the district's determination. This notice shall also inform the parent/guardian that he/she may, within 10 school days, appeal the decision and provide new evidence of residency.

The burden shall be on the parent/guardian to show why the district's determination to deny enrollment should be overruled. (Education Code 48204.2)

A student who is currently enrolled in the district shall be allowed to remain in attendance at his/her school pending the results of the appeal. A student who is not currently enrolled in the district shall not be permitted to attend any district school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that district residency requirements were not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the district's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.
