

COVID-19 Plan Update

CDPH Guidance

Masks

- Masks continue to be optional. There is no mask mandate.
- Masks will be provided to students if requested.

Illness

- Testing is recommended if students exhibit symptoms of COVID-19.
- Parents should report positive cases to the health office and plan for the child to isolate for at least 5 days from the start of symptoms.
- If a student tests positive, they may return on day 6 if symptoms have resolved and they test negative for COVID-19. Proof of testing is not required.
- CDPH recommends masking on days 6-10 following a positive test.

Notifications

- Notifications to families will only be sent if the overall community levels are high as determined by local health agencies. This will be to inform families and staff to exercise all precautionary measures necessary.
- No individual exposure or classroom exposure notifications will be sent for students.
- There will not be a Dashboard this year.

At-Home Testing

- Students will be provided at-home test kits as available.
- At-home tests may be used at parents' discretion.
- Positive results should be reported to the school.
- Parents are not required to provide proof of testing to the school.

Outbreaks

- Masks are recommended during an outbreak.
- Outdoor learning may be maximized as appropriate.
- Frequent testing is recommended.

Volunteers

- All volunteers must complete the Volunteer Document/Clearance form before volunteering.
- Volunteers may not enter campus if they exhibit signs or symptoms of illness.
- Volunteers must report positive COVID-19 test results if they were on campus during the infectious period.
