

MUR

- Improve acoustics
- Dressing rooms for performances
- ADA access - need new lift
- Flooring
- HVAC
- Sound proofing
- Roof - raise the roof to open the space
- Sound system/audio visual/lighting including stage
- Increase capacity
- Consider entrance to MUR from courtyard (security concern)
- Think about making it a better shared space with community & school
- Increase storage in MUR
- New curtain
- MUR as a learning space (modular)
- Pretty color/create display areas/shelves
- Use for indoor P.E./storage
- Open to the outdoors
- Music room closer to MUR
- Easier access to come in and out a groups
- Performing arts center (connected classrooms)
- More washroom access

COMMON LEARNING AREAS

- Keep in mind the Well Design standards to bring healthy initiatives to occupants and we want clean, healthy air, light and sustainable practices in place
- Need flexible or (remove) lunch tables
- Space for garden - more outside seating
- More kid-friendly seating options
- Extend library/Makerspace (garage doors)
- ADA access
- Covered outdoor seating
- Sensory motor paths
- More whimsical design
- Increase creative/play spaces
- Keep trees and grass
- Irrigation systems
- More work spaces outside of classroom for shared learning space
- Library storage
- Library add windows to STEAM+ classes
- Library rewire
- Amphitheatre - new seats - not metal
- Amphitheatre expand to capacity of school
- Amphitheatre sound system
- Amphitheatre interchanging stages to meet multiple needs

- Amphitheatre improve A/V systems
- Library same level as classrooms
- Access for all in outside courtyard/level
- Outdoor furniture between classrooms
- power/data sources outside of classrooms outside
- Address sound in library/surrounding classroom
- Make library a media center/relocate library
- Use hallway space around the library patio instead of planters
- Preserve greenery
- Amphitheatre fix benches/no slant, increase seating, bigger stage, parents can't see
- More lunch tables
- Be cautious of sound as we open spaces
- window/shade structure for light/be able to close skylights
- Plan for more shade in outdoor spaces
- Brain break/sensory area
- Multi-use furniture (shelves that swivel with Maker Space in back
- Remove carpets/acoustic fabric
- Moveable walls to set/reset spaces

LUNCH AREA AND PLAYGROUNDS

- Add pet waste bags/station
- Restrooms close to blacktop and lunch areas
- Drainage /resurface blacktop (doesn't drain)
- Painting on Kindergarten blacktop is slippery needs texture
- Larger sandboxes
- Equipment storage shed needs to be replaced
- Organize/storage for lunch boxes
- Redo K playground - increase green space, more play structure/swings/run area/relocate SDG&E, increase area make it pretty
- Improve washrooms (student) - bigger, better air flow, trough sink
- Adult restroom - in each pod, easy access for evening events
- Ramps to clacktop/field (resdesign)
- No hill to grass areas/access for all
- Remove safety hazard behind 300 building
- Move handball courts away from stack - make from better material, keep greenery around playground
- Outdoor Makerspace (materials from nature)
- Open play areas/creative play spaces
- More swings
- Exercise course track, i.e. Solana Pacific
- Filtered drinking fountains for water bottles
- Surface other than blacktop
- Artificial turf

- Create food service area
- Multiple places to eat lunch
- Green area (reuse/recycle) - consider adding learning garden
- Chicken coup
