

MUR

- Theatre seating
- Sound system (audio, lighting)
- heating/cooling system
- Room is very loud when at capacity - sound dampening, ways to maximize space
- Options to display/showcase work
- Kitchenette
- Flooring options (tile, concrete, VCT?)
- Built-in blinds
- School capacity limit-push it out past picnic tables
- Lower stage with stairs across the front so no risers are needed
- Storage for folding chairs with doors (easy access)
- Whiteboards/flex furniture to use as large learning space
- Ability to partition sections out for multiple needs at once
- Stage has lots of wasted space - only front is regularly used
- Better signage to locate MUR
- Add adult bathrooms
- Balcony seating
- Theatre style projection system - ceiling mounted

COMMON LEARNING AREAS

- 5/6 breezeway
- Replace portables with permanent - consider use of permanent classrooms
- Use for outdoor games (storage)
- Color on concrete
- Courtyard - shade for students and garden
 - Benches
 - UTC like spaces to sit
 - Love the garden
 - Connect science to garden space
 - Accessibility
 - Foliage - not all needed, seating
 - Outdoor studio/art space
 - Patios by art & science need expansion
 - Tile walls in awkward spot
 - CA native plants - build wonder spaces with natural habitats
- Technology Lab
 - Do we need 3-d printers
 - Keep the space separate/larger
 - Dedicated space for robotics

- Collaborative with library, but flexible
- Integrate tactile space (makerspace)
- Flexible furnishings
- Remove carpeting in Science
- Add storage
- Library
 - Keep books
 - More natural lighting
 - Opens out to connect to outdoor spaces
 - More comfortable seating
 - Larger
 - Partitions for quiet/active spaces
 - Rearrange book stacks to open space
 - Keep tech lab separate for noise control
 - Available during non-class time
 - Space for collaborative learning
 - Could library move location, what if STEAM+ was in its place
 - Signage needed (everywhere) trails, paths etc
 - Colorless beige

LUNCH AREA AND PLAYGROUNDS

- Upgraded structures with shade
- Swings
- Areas for rainy days
- Dirt boxes
- Fitness options, track on blacktop for scooters or?
- Field feels dangerous
- Soccer nets
- More defined spaces
- Drinking fountain dirty/clogged
- Water filling stations
- Light needed at night
- Outdoor sound system
- Shaded - k, gr 1 and lunch tables
- Rubber instead of mulch
- Some areas too shady and cold
- Centralized kitchen
- Flexible seating in lunch area
- Circle table to increase conversation
- Running track, not on field
- Gross bathrooms by lunch area - sanitary covers, hand dryers

- More bathrooms needed, kid & adult
- Outdoor video system
